RE: Mr. Viqar A. Chaudhry

To Whom It May Concern:

I am pleased to write this letter of recommendation for Viqar A. Chaudhry.

I am a Physics and Chemistry instructor at County Prep High School in Jersey City, NJ. I have known Viqar for the last two years and have been his Physics and Chemistry instructor for that time. One of Viqar's best characteristics is his natural leadership persona.

Viqar demonstrates a prominent role in the classroom and the school in general. He is very influential to his peers and is able to make them comfortable around him. Viqar is also very encouraging and insist on helping any of his peers. The quality of his schoolwork, whether it is in a group doing a lab, or independently, shows substantial effort and creativity.

It is apparent that there is something that drives Viqar, his dedication and perseverance shows his determination to achieve his goals. The knowledge that he acquires during his time here at County Prep High School can only build on his skill. His distinct character and personality assures my confidence that he will prosper in any of his future endeavors. He will be a valuable asset to your university and I am pleased to offer my recommendation for Mr. Viqar A. Chaudhry.

Sincerely,

A handwritten signature in black ink, appearing to read 'John Olsen', written in a cursive style.

Dr. John Olsen
